

Abdul Manan Malik

Senior Front-End Developer

React.js · Next.js · TypeScript · JavaScript

malikmanan97@gmail.com · +91 9596460305 · Delhi, India · [malikmanan.com](mailto:malikmanan97@gmail.com) · <https://www.linkedin.com/in/abdul-manan-malik-81163b1b2/>

PROFESSIONAL SUMMARY

Senior Front-End Developer with 5+ years building high-performance React/Next.js applications. Cut dashboard load times from 60s to under 10s using Web Workers and payload optimization. Experienced in modern architecture and legacy systems, mentoring junior developers and shipping production-ready UI

SKILLS

Core	React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Redux Toolkit, RTK Query
UI & Styling	Material UI, Ant Design, Atomic Design
Data Viz	D3.js, Leaflet.js, Recharts, Chart.js
Performance	Web Workers, code splitting, lazy loading, Core Web Vitals
Legacy	jQuery, vanilla JavaScript, Bootstrap
Tools	Git, GitHub, Jira
Testing	Jest, Playwright, React Testing Library (RTL)
Practices	Agile/Scrum, WCAG Accessibility, axe-core
UI Engineering	Responsive Design, Cross-browser Compatibility

EXPERIENCE

Senior Front-End Developer · [Sehr Infotech](#) · Remote Jun 2024 - Jun 2026

- Led the redesign of a legacy product, delivering a fast, market-ready platform driving nearly 100 prospect signups.
- Cut a territory-mapping dashboard's load time from 60+ seconds to under 10s using Web Workers, payload trimming, and fixing an HTTP/1.1 bottleneck.
- Rebuilt data fetching into per-section endpoints with lazy-loaded infinite scroll, keeping loads fast as data volume grew.
- Onboarded 2 developers onto the legacy codebase over time, running KT sessions and code reviews to speed up ramp-up and keep quality consistent.

Mid-Senior Front-End Developer · [Alagzoo Softwares](#) · Remote Apr 2023 - May 2024

- Oversaw 7-month migration of Digital RX to Next.js with a 4-member team, delivering SSR architecture that improved organic traffic by 35%.
- Directed front-end development for Uplift Array, implementing WebRTC chat/video and scheduling features that boosted platform adoption by 30%.
- Collaborated with clients and cross-functional teams to deliver mobile-first interfaces, reducing feature turnaround time by 20%.

Junior Front-End Developer · [Alagzoo Softwares](#) · Remote Jun 2021 - Mar 2023

- Owned UI scaling and feature delivery solo on Glassboard Assure, a deal-creation and fundraising platform, using atomic design.
- Implemented WCAG accessibility fixes on Glassboard Assure, testing with axe-core to catch issues before release.
- Delivered solo dashboard projects under tight deadlines, working directly with backend developers and designers to shape API contracts and Figma handoffs.

PROJECTS

LeadVector AI - LLM-Powered Lead Management SaaS (independent project) · Next.js · React.js · TypeScript
Next.js marketing site (<https://leadvector.ai>) and React production app (<https://app.leadvector.ai>)
Jun 2025 - Present

- Sole front-end developer across two surfaces a Next.js marketing site and a React production app owning the entire UI end to end.
- Built the interface for an LLM driven workflow surfacing AI sourced leads and AI generated lead scores as clear, scannable dashboards for non-technical business users.
- Integrated Membrane to pull client's existing companies, deals, and contacts into the platform extending LLM scoring to their own CRM data and streamlining onboarding.

ICDT Trade Dashboard (+ Indonesia Digital Economy white-label) · *React · Recharts · react-simple-maps · Context i18n*
React production app (<https://idie.bappenas.go.id/>)
Jan 2023 - July 2023

- Built, solo and in 2 weeks, an 8-section infographic dashboard (cosmetics, pharma, food, and more) for OIC member countries, turning client Excel data into interactive maps and charts. Still in production use.
- Architected it for reuse the same platform was later re-skinned and redeployed as the Indonesia Digital Economy Dashboard (34 provinces), a government-facing decision tool.
- Delivered multilingual support via Context API with a client-driven static-text pipeline, and a fully responsive UI.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

Islamic University of Science and Technology, **Sep 2016 - Aug 2020**

CGPA: 8.4/10

CERTIFICATIONS & COURSES

Udemy – React for the Rest of Us

- Built a social media app with posting, following, and live chat features
- Implemented React Router for SPA navigation and Context/Reducer for state management
- Integrated async API requests and deployed the app online
- Strengthened skills in hooks, JSX, and component-driven architecture

AWARDS & ACHIEVEMENTS

- **Quarterly Excellence Award** - Q2 2022, recognized for frontend optimization at Alagzoo Softwares.
- **Innovation Award** - 2023, led Digital RX migration from React to Next.js.
- **Outstanding Mentorship Award** - 2024, mentored 2 developers and streamlined onboarding, improving delivery speed.
- **Performance Optimization Award** - 2025, reduced dashboard load times from 60+ seconds to under 10 seconds.
